ICT for Education Conference

ICT for Education

Brighton 13 March 2020

Register **HERE** 

ICT Media is delighted to be returning to [The Amex / Falmer Stadium](#), BRIGHTON on **Friday 13th March 2020** to host the ICT for Education Conference.

Delegates who [REGISTER HERE](#) will have the chance to personally win a Fire HD Tablet and a cheque for £500 made out to their school for spend on IT equipment.

ICT Media is an independent and long-established provider of ICT conferences to UK schools. Its content and information is trusted by teachers, many of whom return to our conferences year after year!

Our speakers represent the primary, secondary, independent, special and further education sectors. Many of our speakers are, or have been, teachers, and they understand the challenges faced in the real world. Conference sessions include topical issues such as: the effective use of IT; how to deliver the Computing curriculum; getting value when purchasing IT equipment; the provision of a safe and secure networking environment within school... and much more.

Visit our exhibition of school-focused ICT products and services where you can discuss your school's needs face-to-face with established and knowledgeable suppliers.

Networking is a key feature of our conferences, and you will have ample time to find out how other schools are using ICT. There's no question that you will have something useful to take back to use in school on Monday morning!

The conference begins with Registration at 7.30 am, and [sessions](#) finish at 12.15 pm. Don't worry if you can't attend the whole event – come when you can and listen to as many presentations as possible.

There is no charge for delegates to attend. Lunch and refreshments will be provided. You are welcome to share this invitation within your school and other schools, and to bring colleagues.

We look forward to meeting you!

[Ian Loosemore](#) – Owner of ICT for Education.
