

## Attention to detail 4: Spot the difference - Bees!

Computer Scientists and Engineers have great attention to detail. If they didn't, complex systems like airplanes, cars, and computers would not work! Can you spot the 5 differences between the two images below? Hint: Differences can be subtle and not always where you think they may be!

Spotting differences/bugs helps programmers write better programs and solve problems. The smallest differences may result in major effects so checking for errors/bugs is essential.
